EXPERIENCE

Yext

Senior Software Engineer, Paid Media · Nov 2026 – Present · Cincinnati, OH

Senior Software Engineer on Yext's Paid Media team.

Flamel.ai (acquired by Yext)

Chief Technology Officer · Feb 2026 – Nov 2026

Led engineering as CTO through the Yext acquisition. Flamel is the paid media hub for multi-location brands, running localized paid campaigns across Google, Meta, and ChatGPT.

- Directed technical strategy, product roadmap, and architecture for an autonomous AI marketing and advertising platform.
- Architected Luna, an autonomous multi-tenant AI agent with runtime tool calling, conversational workflows, and campaign execution.
- Oversaw distributed advertising infrastructure, with strict budget pacing and financial safety controls.

Flamel.ai

Senior Software Engineer · May 2023 – Feb 2026 · Cincinnati, OH

- Pioneered generative AI marketing capabilities, dynamic creative generation, and multi-platform social scheduling and analytics.
- Built full-stack product features from concept to production and established the hub-and-workspace multi-tenant architecture.

American Express

Full Stack Software Engineer II · Aug 2022 – May 2023

Full-stack Platinum and Gold card acquisition funnels for tens of millions of customers, with multivariate A/B testing on conversion, UX, and security.

Hudl

Full Stack Software Engineer · Mar 2021 – Aug 2022

Web and mobile apps for Hudl Focus camera fleets: configuration, Wi-Fi onboarding, and a custom video player.

PROJECTS

Flamel Studio (acquired) · flamel.ai

Paid media hub for multi-location brands. Architected Luna, an autonomous AI agent with tool-calling, and Ad Playbooks for automated ad sets and budget pacing.

Flamel Web & Docs (acquired) · docs.flamel.ai

High-conversion marketing site alongside interactive developer docs for the Flamel platform.

Jurgy Beef Jerky · jurgy.co

Beef Jerky for Champions. Co-founded a craft CPG brand with Baltimore Ravens center Cam Jurgens.

US Credit Cards · americanexpress.com

Deployed full-stack acquisition funnels for American Express Platinum and Gold cards to tens of millions of users with multivariate A/B testing.

Hudl Focus Fleet & Video · hudl.com

Built mobile and web apps for autonomous camera fleets, including Wi-Fi onboarding flows and a custom video player with pan, zoom, and mute.
